EXECUTIVE DEPARTMENT,
Augusta, June 6, 1866.

To Municipal Authorities:

A CONSTRUCTION has been placed upon the blank applications for State Pension, to which it is perhaps liable, though by no means intended, (as will appear by the instructions accompanying the blanks,) that every party applying shall declare him or herself a pauper. To correct this, in all cases in which persons applying are not receiving aid, either public or private, the third paragraph of the application signed by the proposed beneficiary, which declares the inability in the second line, should be changed by striking out the words "am," "and," and "continue to," so that line will read "obtain a livelihood for myself and those dependent upon me, and shall be compelled to," &c.

The object of this law is to relieve those who may be paupers, and prevent others from becoming so, and will be so administered.

EPHRAIM FLINT, Secretary of State.

BRUNSWICK, Aug. 1.

Commencement festivities in Bowdoin College are progressing finely. The following honorary degrees were conferred this forenoon:

Rev. John Woods, LL. D.; Rev. John Pike, D. D.; John Egert, C. C. Smyth, D. D. Warner, T. W. Wester, A. M.

Rev. Dr. Woods to-day sent in his resignation as President of the College. It was accepted and referred to a Committee of the Boards. Rev. Dr. Harris of Bangor, will undoubtedly be chosen as his successor.

—The Norristown, (Pa) Herald makes the following statement, which should be read slowly: "If Gen. Grant should be nominated by the republicans and elected to the Presidency in 1868, he will turn out the worst President we ever had."

THE GREAT WEST. In speaking of the Great West, as a whole, we last week stated that the house and home were diminutive and wanting in comfortable conveniences in comparison with the extent and richness of the landed domain and its productions. While this is a general statement we cannot change, it is but fair to state that there are settlements of cities and towns by New England people, like that at Beloit, where the whole city, people and dwellings, churches, college, school houses' mills and gardens seem to have been transplanted together. Such a place is a kind of "Saints' Rest," where good people go to educate their offspring and other people go to become good, but it stands in contrast with settlements of foreigners' accurate specimens of sections of Sweden and Norway with all their peculiarities. To each and all of these opposits, the city of Chicago, with all its hurrying progression, is the great centre of attraction, commerce and influence. The great problem as to the possibility of bringing all these various nationalities and civilizations into harmonious union, this mixture of the wealth and the poverty of Europe and of the world the family of the aristocrardy of England with its elegancies and, luxuries brought over and planted on the prairie, along side of the lowly but fat fields of the laboring farmer from Ireland or Scotland; the problem we say of uniting all these under American ideas and institutions calls into activity the best effect of New England civilization, discipline and training. New England lives at the West in effective usefulness, and is a power for good to our land.

The inventive genius of the country has been tasked in the construction of implements for the promotion of agriculture, and much of the work, previously performed by human hands, is now done by machinery. As in illustration of the advantages, we may mention that last season one man in Illinois did all the labor of cultivating one hundred acres of corn. In one instance with a single machine, twenty-five acres of wheat were cut in a single day, making busy times for the binders. These are extreme instances but they show the possibilities of labor. [Kenn. Journal.

THE RICHMOND CHIVALRY AND THE NEGRO. The Richmond chivalry are sadly troubled at the independent attitude of some of their freedmen. The Whig of yesterday morning says: "The negroes who insult this community by military organizations, drills and parades, and by incendiary gatherings, harangues and resolves, should remember that they are dependent upon the white people of Richmond for every morsel of bread that goes into their mouths, and for every house, hut or cellar that shelters them and their families. If these things go on we shall advise that a full list be made out of the names of all who take part in any such proceedings, for publication in the papers, and shall call upon the good people of Richmond not to give employment, even to the blacking of a boot, to any one whose name is embraced in the list, and not rent so much as a dog kennel to any one of them for protection from the coming blasts of winter. If they choose to insult, to irritate and endanger the peace of the community from whom they receive nothing but kindness, we shall do our part to see that they are not allowed to remain in that community. We speak now for their good more than that of their late masters, who will know how to protect themselves should an emergency arise.

A diabolical system of kidnapping has been reported to the Navy Department, the trapping of freedmen on shipboard at Pensacola Bay, and selling them as slaves in Cuba. One of these slave sloops was seized by a United States vessel, and found to have on board 150 freedmen. Yet we have vetoes of the Civil Rights bill! Yet the Times says the freedmen must look to old slaveholders for justice and protection! It is said that parties in New York are implicated in this devilish business, and undoubtedly parties everywhere that have helped to make such outrages possible in the South must take their share of the terrible responsibility.

What General Chamberlain Says.

All must unite in *demanding security for the future.* We must have guaranties good and sufficient, against any future attempt to destroy this Government whether in the exercise of a pretended right by open war or BY MORE ARTFUL AND INSIDIOUS ASSAULTS against the principles on which this Nation was founded. These are points we cannot yield without danger and dishonor; and WHEN THE SOUTHERN STATES SHALL HAVE COMPLIED WITH THOSE CONDITIONS IN GOOD FAITH, they will be in a condition to ask association and fellowship with the loyal commonwealths of the country which they deserted with such violence and scorn. UNTIL THAT TIME, in my judgment, it is wise to hold them in strict probation. * * * * *

"We cannot go back to gather up the fragments of the Union as it was; we must now recognize the nation as it is, and make the Constitution what it should be."

The New Internal Revenue Law.

A Complete Summary of its Provisions—Points of Difference from the Old Law.

The amendatory internal revenue bill, or, to use its technical title, "An act to reduce internal taxation, and to provide ways and means to support the government and pay interest on the public debt," has been signed by the President. As this is an amendatory act, the changing herewith noticed—except the administrative sections—will show the difference between the old and the new law. KNOWLES' Vegetable Hair Restorer!
AS A HAIR PREPARATION this stands without a rival—has proved itself by the thousands who have tested its virtues for the past three years,
THE ONLY RELIABLE RESTORER
Of Gray, Faded, or Diseased Hair, to its original color, condition and former beauty.
It is not a *Dye,* being a Vegetable Compound, and not injurious in its application; but is warranted to restore Gray, Faded, or Diseased Hair to its original color in 20 days.
By its invigorating properties, promotes a luxuriant growth on Bald Heads, in all cases where such a result is possible; prevents the hair from falling off; eradicates dandruff, humors, and all other impurities from the scalp; and as a Restorer and Dressing combined, it has no equal.
The great and increasing sales of this preparation attest the high value in which it is held; and the fact that its reputation has been established solely upon its own merit and worth—the trial of a single bottle will convince the most skeptical of its virtues.

An Effectual Worm Medicine.
BROWN'S VERMIFUGE COMFITS,
Or Worm Lozenges. Much sickness, undoubtedly, with children and adults, attributed to other causes, is occasioned by worms. The "Vermifuge Comfits," although effectual in destroying worms, can do no possible injury to the most delicate child.—This valuable combination has been successfully used by physicians, and found to be safe and sure in eradicating worms, so hurtful to children.
CHILDREN HAVING WORMS require immediate attention, as neglect of the trouble often causes prolonged sickness.
SYMPTOMS OF WORMS IN CHILDREN are often overlooked. Worms in the stomach and bowels cause irritation, which can be removed only by the use of a sure remedy. The combination of ingredients used in making *Brown's "Vermifuge Comfits"* is such as to give the best possible effect with safety.

THE CITY PLACED UNDER MARTIAL LAW.

Appointment of a Military Commission to Investigate the Cause of the Riot.

Remonstrance of Mayor Monroe against the action of General Baird.

News from Washington

WASHINGTON, Aug. 1.

Gen. Baird telegraphs from New Orleans, under date of July 31, as follows:

"The riot has been suppressed. I have declared martial law in the city. Abo 40 persons have been killed and a large number wounded, nearly all being friendly to the convention."

NEW ORLEANS, Aug. 1.

Gen. Sheridan, returned this forenoon from Brazos.

Gen. Baird has appointed a military commission to investigate into the convention riots, with Gen. Mower as President.

Mayor Monroe has addressed a letter to Gen. Baird saying—

Without attempting to dispute his (Baird) military law he cannot but express his astonishment at such a step and at a time when no exigencies existed for it. The aid of the military would have been most gladly received to repress violence when such intervention was asked, but I at a loss to understand by what authority it is made to assume the virtual suppression of the civil authorities. We have always been taught to believe that it is the principle duty of the military officers in this country to sustain and enforce the civil law. If I am to understand from the words of your order that it is your desire to prevent recurrence of riotous and unlawful proceedings of Monday. I would respectfully suggest that your release of all the rioters and their accessories who were arrested by the police as first in your administration of martial is not well calculated to accomplish that object.

Mayor Monroe concludes his letter by declining to act as Mayor until civil authority is restored.

WASHINGTON, Aug. 1.

Gen. Sherman was to-night serenaded by the Band of the 12th Infantry. He made a brief response to a call of the crowd, remarking that he had nothing to say except that his home was at St. Louis, where he should be happy to see those before him on the plains where he intended to go. He was a stranger here, and thought the less a man said in Washington the better, and as was his own best friend, he would add no more than express his thanks for the honor conferred upon him on this occasion.

Although many members of Congress voted against an increase of their salaries, every one of them has drawn the extra pay.

Letters are pouring in daily asking for instructions and forms in relation to applications for the additional bounty under the recent Act. None can be furnished until the Secretary of War and the Secretary of the Treasury have prescribed rules and regulations as the Act directs. It will probably be several weeks before a system can be adopted.

The Second Auditor's office will settle only the claims of heirs of deceased soldiers; but as there will be at least 200,000 such claims, time must be required to prepare a proper register and make other necessary arrangements to receive them. No advantage can possibly be gained by hurrying claims either into that office or the Paymaster-General's office.

The increase of Congressional salaries from $8000 to $5000 will but slightly increase the aggregate cost of the government as the amount saved by reduction in mileage will be nearly equal to the increase in salary.

A Montana correspondent after alluding to the quietness which prevails at Helena, adds: "We have an active Vigilance Committee, plenty of rope and a pine tree handy where justice is laid on at the time. There have been seven men hung on that tree."

NO NEGRO DRILLING IN VIRGINIA.—Gen. Terry, commander of the Military Department of Virginia, issued the following significant order yesterday:

LOCAL AND STATE ITEMS.

—We are indebted to Mr. Holmes of the Lady Lang for late Boston papers.

ROBBERY. Bickford's Fish Market was broken into on Tuesday night and scrip to the amount of about $20 taken by the rogues. If the scrip wasn't better than a large part of that sort of stuff which is floating about, the fellows would have done much better to have taken fish instead.—That is always current.

—In the House proceedings a day or two since, the following paragraph appeared:

"A joint resolution relative to settlement of accounts of W. P. Wingate, Collector of Bangor, was referred to Committee on Ways and Means."

The above title to the bill gives an erroneous impression. Mr. Wingate's accounts are not in a situation to require Legislative action, having always been found perfectly correct by the Secretary of the Treasury.

The bill was intended for the relief of certain parties in this city who had articles in bond at this Custom House when the new tariff went into effect. By a strict construction of the law they were compelled to pay additional duties upon goods imported *before* such law passed, when justice clearly indicated that all articles in bond should be held to pay only the duties assessed at the time of their importation.

Mr. Wingate has done all in his power to have the matter set right, which could only be done by special law, but has done nothing which any accommodating officer would not have done, or which in any way involves his own accounts.

—The moonlight excursion which was to have taken place last evening, is postponed to this—weather permitting.

RISING VIRTUE LODGE, F. & A. M. sends $100 to T. J. Murray, Esq., of Portland for special cases of Portland suffering.

PORTLAND CUSTOM HOUSE. The appropriation bill passed as the close of the late session of Congress, allows for the government building at Portland, used as a Post Office, Custom House, and for the United States Courts, lately destroyed or rendered almost worthless by fire, to repair or rebuild the same, as may prove most advisable, one hundred and fifty thousand dollars, or so much thereof as may be necessary to be expended, under the direction of the Secretary of the Treasury.

—The pleasure travel this season is comparatively light, none of the fashionable resorts having experienced the grand rush of the past few years. The prices charged by the hotels have something to do with this falling off, but probably there are fewer persons making money than there were last year.

—The Lewiston Journal says Dr. Oakes was last week removed from the postmastership of Auburn, to make room for Willard Small, a Johnson copperhead. The people of Auburn don't like this Small business.

An unusual gathering of military men is expected to be present to take action upon some fitting memorial for the sons of the College who have fallen in the war.

APPROPRIATE. A recent number of the Press contains a hint to the late comers at church on the Sabbath. Perhaps if the minister would offer the prayer once offered by an old clergyman who was annoyed in the same way it might help the case:

"O Lord, bless those now assembled; bless those that are on their way to Church; bless those who are at home getting ready to come, and in Thy infinite patience grant the benediction to those who reach the house of God in time for that."

Two hundred years ago on the corner of Pearl and Congress streets, stood a wind mill, which ground the corn of the settlers. The stone used in the mill was imported.—Half of the old stone was subsequently used for a step in the old Harris house, corner Federal and Pearl streets. Antiquarians have long looked at it with covetous eyes and now that the fire has swept away the house, the old stone bids fair to disappear through the relic hunters.—Portland Argus.

BURNING SUGAR. At the destructive conflagration in this city on the 4th of July there was stored in the Sugar House one thousand hogsheads of sugar, which by the destruction of the works, were precipitated into the cellar, covering it to the depth of a number of feet. That sugar has been burning slowly ever since, and may now be seen burning up all over the cellar. It was impossible to save any of it, mixed up as it was with the debris of the destroyed building.—[Portland Press.

—The rite of confirmation was administered to 500 persons at Holyoke, on Sunday of last week, by Catholic Bishop Williams of Boston, and the new cemetery consecrated.

GENERAL ITEMS.

—Red noses are light-houses to warn voyagers on the sea of life off the coast of Malaga, Jamaica, Santa Cruz and Holland.

—General Dix is reported to have been quite indignant at his nomination as Minister to the Hague, or, as he is said to have expressed it, "a place that Dan Sickles wouldn't not accept." As it was, he was not confirmed, because the Senate did not reach his nomination before adjournment.

—The treaty of peace between Prussia and Austria will be a startling blow to those Bohemians who have started for Bohemia to write newspaper letters.

—The standing armies of Europe amount to about six millions of men, and taking the real loss of their labor at a moderate calculation, it may be said that war costs Europe about five hundred millions sterling every year, which is more than half the national debt of Great Britain. "Man marks the earth with ruin," sang Lord Byron.

—A Canada paper makes the following appeal: "To those indebted to us we make our appeal for assistance. Job's turkey was a millionaire compared with our present depressed treasury. To-day, if the price of salt was two cents a barrel full, we could not buy enough to pickle a jay-bird.

—An old Baptist minister, says the Religious Herald, enforced the necessities of difference of opinion by argument: "Now, if everybody had been of my opinion, they would all have wanted my old woman."—One of the deacons, who sat just behind him, responded: "Yes and if everybody was of my opinion, nobody would have had her."

—The Davenport Brothers are performing at Brussels, but they appear as conjurers, having abandoned their spiritual pretentions.

—Cora L. V. Hatch is spiritualizing the Michiganders.

The dedication of the new Masonic Temple in this city is looked for during the coming winter. When completed it will be the finest building for the purpose of Freemasonry in the country.—Boston Journal.

—The most lucrative office in Cincinnati is that of Judge of the Probate. It has been known to yield $40,000 in one year.—Colonel E. F. Noyes will receive the Republican nomination for the position this year.

—Some miscreant entered a physician's office in Newbern, N. C. recently, took from his shelves all his medicines, and deliberately blended them into an awful conglomerate.

—Swimming matches are very popular in London this summer. Twenty expert swimmers recently entered for a gold medal, the distance being a thousand yards. The winner did the distance in 18 min. 29½ seconds

—The triumphs of electricity over time and distance, of which the success of the Atlantic cable furnishes the most impressive illustrations, recalls to mind the following lines, written by Rev. John Pierpont, during the presidency of Gen. Taylor:

"The warrior statesman, laying down his pen,
Retires to bed in Washington at ten;
The lightning courier leaps along the line,
And at St. Louis tells the tale at nine:
Halting a thousands miles whence he departed,
And getting there an hour before he started."

—The homeopaths recommend as a preventative against cholera, that a pinch of sulphur be placed in the stockings in the morning. This is a very simple matter and worthy of trial.

—A New York Gold Mining Company is erecting a gold crushing machine at an expense of forty thousand dollars, at its works in Lisbon, N. H. Quartz with gold indications is plenty in that vicinity, but as yet those native there fail to be affected by the fever, which is principally confined to strangers at a distance.

—A citizen of New York who is no doubt thoroughly posted upon the tariff of charges by retail liquor dealers, says that they make enormous profits. A glass of ale costing three cents they sell for ten, a glass of beer costing two cents they sell for five; other liquors costing an average of five cents a glass are sold for ten cents, while cigars costing from five to fifteen cents are sold all the way from ten to thirty.

"A French father was recently trying to persuade a young ward to marry his daughter, (the ward was very wealthy.) He said, "She has talents even to her fingers' ends." "I should prefer a thimble there," She will be the best of literary wives." I should prefer the best of house wives." "She will go to posterity." "I had much rather she would go to market."

THE "O. K." MAN is making a great stir about town. His banners and posters are paraded and pasted everywhere, and noticing his Soap *piled* up in many of our best grocery stores, we judge that his soaping is having the desired effect. If it will only mitigate the arduous duties of the poor washerwoman, we shall not begrudge a large addition to his *pile*. Those who have tried the Soap speak well of it.

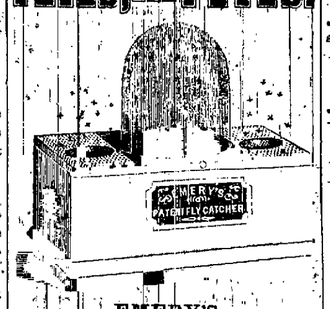
FLIES,---FLIES.



EMERY'S
Great American Fly Catcher
Patented May 1, 1866, by Jas. Emery,
Manufactured and sold by
SEAVEY & CO.,
Nos. 83 and 85, Blackstone Street, Boston.

THIS is the greatest invention of the age for destroying that great pests the House Fly, which is so annoying to every household and destructive to goods displayed in show windows. Hotel and Saloon Tables should be ornamented with them—thereby doing away with that unclean appearance too often observed.

There has been heretofore objections raised against the use of Fly Paper on account of its unclean appearance, together with the trouble it occasions by the dead flies dropping about into every thing. Now by this truly elegant invention, these great objections are entirely done away with. The flies are all collected within the Catcher, giving a neat and wholesome appearance to the premises where used.

In stores where goods are exhibited and exposed to the damaging influence of the fly, this invention cannot be over estimated.

THE SICK ROOM

Is rendered more comfortable, and the patient required less attendance. The infant can take his nap in peace.

Mothers, no nursery should be without its Fly Catcher.

Watch Makers, Engravers, Artists, and all other persons engaged in delicate employment, will find them an indispensable article for their rooms—another great consideration is its cheapness and durability. 25, 50, or 75 cents, according to style, you have a Fly Destroyer that will last an age.

TRY ONE AND YOU WILL BE SATISFIED.

The Catcher's have been recently improved by adding a perforated bottom and lower entrance.—The Catchers are warranted to catch a host of flies, or no sale.

Arrangements will soon be made for their sale in all cities and towns in the country.

Orders sent to SEAVEY & CO., will be answered promptly.

Canvassers will find this the best selling article for the next four months, ever invented.

THE MUTUAL
Life Insurance Co.,
OF NEW YORK.
Assets over $16,000,000!

TO meet the choice of such present or future members as may prefer to have the amount insured paid in instalments to their widow or heirs, rather than in one sum, this Company is prepared to insert in its policies a clause agreeing that in lieu of the payment of the policy and profits in one sum, an equitable amount, to be determined by the Company, may be paid annually or semi-annually for any specified number of years, (say from five to twenty-five years,) if desired.

EXAMPLE.—Suppose a policy of $10,000, with additions amounting to $2000 more, should become payable by reason of the death of the person insured, the Company, in lieu of the payment of $15,000 in one sum, would be able to give (assuming interest as realized in the past) annuity for ten years of over $2000 per annum, or for twenty years an annuity of over $1300 per annum.

This form of annuity will remove the anxiety which may exist in the minds of some policy-holders lest the future provision they have made for their families should be ineffectual or transitory in its duration, either through unsafe investments, unwise expenditure, or other uncertainties incidental to contingent trusts.

It is not only free from the ordinary dangers of investment, but its punctual and full payment is secured by the LARGE AND SOLID CASH RESOURCES and good faith of this institution, which thus, to a certain extent, becomes the GUARDIAN or TRUSTEE of the survivors. Hence the provision may be considered, humanly speaking, beyond any adverse contingency.

☞ All such deferred payments or annuities will share equitably in the profits or dividends of the Company.

This Company also issues SURVIVORSHIP ANNUITIES, which provide for survivors during the whole period of life, and DEFERRED ANNUITIES, by which individuals may provide for themselves in advanced age.

CONSTITUTION
LIFE SYRUP.

A positive and specific remedy for all disease originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

L

SCROFULA,
STRUMA, GLANDULAR SWELLINGS,
ULCERATION, KING'S EVIL,
ERYSIPELAS, SALT RHEUM

This taint (HEREDITARY and ACQUIRED), filling life with untold misery, is by all usual medical remedies incurable.

RHEUMATISM.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in rheumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced. Cases, chronic or vicarious, of twenty or thirty years standing have been cured.

I

NERVOUSNESS.

Nervous Debility, Shattered Nerves,
St. Vitus' Dance, Loss of Power,
Confusion of Thoughts, Epilepsy.

Thousands who have suffered for years will bless the day on which they read these lines. Particularly to weak, suffering women will this medicine prove an inestimable blessing—directing their footsteps to a Hope which fulfills more than it promise

MERCURIAL DISEASES.

Salivation, Rotting of Bones,
Bad Complexion, Aches in Bones,
Feeling of Weakness, Depression of Spirits.

F

CONSTITUTION LIFE SYRUP purges the system entirely from all the evil effects of MERCURY, removing the Bad Breath, curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the Teeth as firmly as ever.

CONSTITUTION LIFE SYRUP

Eradicates, root and branch, all Eruptive Diseases, of the Skin like

ULCERS, PIMPLES, BLOTCHES,

and all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

E

CONSTITUTION LIFE SYRUP

CURES ALL SWELLING OF THE GLANDS,

Either of the Face, Neck, or Female Breast, and should be taken as soon as the swelling is detected, thus preventing their breaking, and producing troublesome Discharging Sores, which disfigure so many of the younger portion of the community, from six to twenty years of age. Young children are very subject to Discharges from the Ears, which depends upon a Scrofulous constitution. These cases soon recover by taking a few doses of the Life Syrup.

S

All scrofulous persons suffering from general Debility, Emaciation, Dyspepsia and Dropsy of the limbs, abdomen, and in the female, Dropsy of the ovaries and womb, generally accompanied with inflammation and Ulceration of the Uterus are permanently cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will remove entirely. The remedy should be taken for some time, as the disease is exceedingly chronic and stubborn, and will not be removed without extra effort.

Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body, will be completely reduced, without resorting to the knife, or operations of any kind.

Y

Epileptic Fits, Sympathetic or Organic Disease of the Heart, as palpitation, Disease of the Valves drowning a grating or filing sound, Dropsy of the Heart Case and all the affections of this important organ (persons suffering from any acute pain in the region of the heart), will be greatly relieved by Constitution Life Syrup.

BROKEN DOWN AND DELICATE CONSTITUTIONS SUFFERING FROM INDISPOSITION TO EXERTION, PAIN IN THE BACK, LOSS OF MEMORY, FOREBODINGS, HORROR OF CALAMITY, FEAR OF DISEASE, DIMNESS OF VISION, DRY, HOT SKIN AND EXTREMITIES, WANT OF SLEEP, RESTLESSNESS, PALE, HAGGARD COUNTENANCE, AND LASSITUDE OF THE MUSCULAR SYSTEM, all require the aid of the CONSTITUTION LIFE SYRUP.

R

FOR ALL FORMS OF
Ulcerative Diseases,

Either of the NOSE, THROAT, TONGUE, SPINE, FOREHEAD OR SCALP, no remedy has ever proved its equal.

MOTH PATCHES upon the female face depending upon the diseased action of the liver, are very unpleasant to the young wife and mother. A few bottles of CONSTITUTION LIFE SYRUP, will correct the secretion, and remove the deposit which is directly under the skin.

In the diseases of the Liver, giving rise to Languor, Dizziness, Indigestion, Weak Stomach, or an ulcerated or cancerous condition of that organ, accompanied with burning or other unpleasant symptoms, will be relieved by the use of CONSTITUTION LIFE SYRUP.

U

☞ AS A GENERAL BLOOD PURIFYING AGENT THE LIFE SYRUP STANDS UNRIVALLED BY ANY PREPARATION IN THE WORLD.

THE RICH AND POOR

are liable to the same diseases. Nature and Science has made the CONSTITUTION LIFE SYRUP for the benefit of all.

IRRITATION OF THE NECK OF THE BLADDER, INFLAMMATION OF THE KIDNEYS CATARRH OF THE BLADDER.
STRANGURY AND BURNING, OR PAINFUL URINATING.

For these diseases it is truly a sovereign remedy and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips. A tenspoonful a day of the Constitution Water will relieve you like magic.

PHYSICIANS
Have long since given up the use of buchu, cubebs and juniper in the treatment of these diseases, and only use them for the want of a better remedy.

CONSTITUTION WATER.
Has proved itself equal to the task that has devolved upon it.

DIURETICS
Irritate and drench the kidneys, and by constant use soon lead to chronic degeneration and confirmed disease.

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful in curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and physician.

STROUDSBURG, PA., Jan 20, 1866.

DR. GREGG:
Dear Sir:—I wish to inform you that I have been under the treatment of some of our best physicians for nearly two years, without receiving any benefit. I had lost all confidence, and I indulged in but little hope of a cure from any source. My disease was Dropsy, and my physicians told me that there was no cure for me. I was tapped some fifty times, and at the different operations about 1200 pounds of water was removed.
I am happy to inform you that I have been completely restored to health by the use of Constitution Water.
I make this statement hoping it may reach those persons who may be similarly afflicted.
Respectfully,
MRS. MARGILL C. LEVANWAY.

IN DYSMENORRHŒA, OR PAINFUL MENSTRUATION, AND MENORRHAGIA, OR PROFUSE FLOWING.

Both diseases arising from a faulty secretion of the menstrual fluid—in one case being too little and accompanied by severe pain, and the other a too profuse secretion, which will be speedily cured by the Constitution Water.

That disease known as FALLING OF THE WOMB, which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the back and sides and at times accompanied by sharp, lancinating or shooting pains through the parts, will, in all cases, be removed by the medicine.

There is another class of symptoms arising from IRRITATION OF THE WOMB, which physicians call Nervousness, which word covers up much ignorance and in nine cases out of ten the doctor does not really know whether the symptoms are the disease, or the disease the symptoms. We can only enumerate them here. I speak more particularly of Cold Feet, Palpitation of the Heart, Impaired Memory, Wakefulness, Flashes of Heat, Languor, Lassitude, and Dimness of Vision.

READ! READ!! READ!!!

DANVILLE, Pa., June, 1862.—*Dr. William H. Gregg*—*Dear Sir*:—In February, 1861, I was afflicted with sugar diabetes, and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to get up as often as ten or twelve times during the night, and in five months I lost about fifty pounds in weight. During the month of July, 1861, I procured two bottles of Constitution Water, and in two days after using it I experienced relief, and after taking two bottles I was entirely cured soon after regaining my usual good health.
J. V. L. DE WITT.

BOSTON CORNERS, N. Y., Dec. 27, 1861.—*Wm. H. Gregg & Co.—Gents*:—I freely give you liberty to make use of the following certificate of the value of the Constitution Water, which I can recommend in the highest manner:—My wife was attacked with pain in the shoulders, whole length of the back, and in her limbs, with *palpitation of the heart and irritation of the bladder*. I called a physician, who attended her about three months, when he left her worse than he found her. I then employed one of the best physicians I could find, who attended her for about nine months, and while she was under his care she did not suffer quite as much pain. He finally gave her up, and said "*her case was incurable. For*," said he, "*she has such a combination of complaints that medicine given for one operates against some other of her difficulties*." About this time she commenced to use the Constitution Water, and to our utter astonishment, almost the first dose seemed to have the desired effect, and she kept on improving rapidly under its treatment, and now superintends entirely her domestic affairs. She has not taken any of the Constitution Water for about four weeks, and we are happy to say that it has produced a permanent cure.
WM. M. VAN BEUSCHOTEN.

WEATHERSFIELD, Conn., March 2, 1863.—*Dr. W. H. Gregg.—Dear Sir*:—Having seen your advertisement of "Constitution Water," recommended for Inflammation of the Kidneys and Irritation of the Bladder, having suffered for the past three years, and tried the skill of a number of physicians with only temporary relief, I was induced to try your medicine. I procured one bottle of your agents at Hartford, Messrs. Lee, Sisson & Co., and when I had used half of it, to my surprise, I found a great change in my health. I have used two bottles of it, and am where I never expected to be in my life, well, and in good spirits. I cannot express my gratitude for it; I feel that it is all and more than you recommended it to be. May the blessing of God ever attend you in your labors of love.
Yours truly, LEONARD S. BIGLOW.

Messrs. J. R. BARRETT & Co:
I was induced by a friend to make a trial of BARRETT'S VEGETABLE HAIR RESTORATIVE, and I am very much pleased with the effect it has had on my hair. I was nearly bald and gray, and now, before using one bottle, my head is freed from dandruff, and my hair has all the appearance of youth.
